January 21, 1956 - March 9, 2019

Rest Easy My Radiant Presence

The world around you seem to soon faster and faster, til everything is a blur. Yet there is a cushion of calm at the center of your life, where you live in Union with me. Return to this soothing center as often as you can, for this is where you are energized: filled with my love, joy and peace. The world is a needy place; do not go there for sustenance. Instead come to me. Learn to depend on me alone, and your weakness will become saturated with my power. When you find your completeness in me, you can help other people without using them to meet your own needs. Live in the light of my presence, and your light will shine brightly into the lives of others.

Love you all.
