“ We always knew we were leaving Berlin late when we looked down and the #1 was already in the trailer! It won't be the same when Putt shuts the lights off at the end of the night and you're not down there flipping me off with your phone flashlight. Thanks for being such a great competitor and an even better man. Surely nobody left after talking to you without a gut ache from laughing. The memories from the past 20+ years of knowing you will never be forgotten. Fly high #1. I surely hope you save some beers for the rest of us up there!

“ Berlin just won't be the same without Randy's infectious smile, laugh, and let's not forget he was a fierce and tough on the racetrack. If you ever got mad at Randy for something on the track, it didn't take long until everyone was laughing and smiling again. That's how he was and will always be remembered. Berlin has lost true competitor, the community has lost a special man, and we've all lost a friend. RIP #1, we won't forget you.
