“ I'm so very sorry for your loss. I remember back in the day coaching Rocket baseball teaching Tim how to hit the ball, Tim would get up to bat and he always had a big smile on his face, I said Tim you got to get mean get a mean look on your face like you want to tear the cover off that ball, well he'd get back up to bat trying to look mean, it never happened that big smile would always come across his face. I'll remember that for ever. So very sorry for your loss.
